

10 Out Of 10 Excelling at Reading across Key Stage 1 and 2

The aim of this two day course is to unpick strategies against research based evidence to focus on key areas that have proved to be barriers to attainment in the 2018 reading test.

The training will highlight the interdependence of reading and writing development. Early reading and early writing development in relation to synthetic phonics will be a starting point to how we approach the teaching of reading systematically .

The project will include:

- Learning theories of the teaching of reading
- How do we teach reading? A pedagogical study
- Classroom observations
- Work scrutiny of books and reading journals
